

ESPlanning Ahead

ESP recognizes the daily challenges of raising a child with special needs. Life is full of transitions and changes, and ESP wants to be a resource as you navigate the twists and turns.

From January to May, ESP will be holding monthly workshops, each addressing a specific topic and led by parents and experts.

It's important to realize that each workshop is relevant to every family regardless of the age or stage of your child. It's never too early or too late to be thinking about these issues and planning ahead. We encourage you to plan to attend as many sessions as possible!

Mark your calendar for the following dates, times and topics:
